

Shrouq Ramadan

JUNIOR FRONTEND DEVELOPER

6th of October, Giza, Egypt | +20 1012836768 | shrouqramadan11@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Motivated Junior Frontend Developer with hands-on experience building responsive, performant, and user-centric web applications using React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, and RESTful APIs. Proficient in crafting clean code, developing reusable UI components, and integrating backend services. Passionate about problem-solving, UI/UX optimization, and continuous learning while pursuing a Bachelor's degree in Information Technology.

TECHNICAL & SOFT SKILLS

Frontend Development:	React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap 5, Responsive Design
Tools & Build:	Git, GitHub, Vite, RESTful APIs, Local Storage, Vercel
Soft Skills:	Problem Solving, Team Collaboration, Adaptability, Fast Learner, Time Management, Attention to Detail

PROFESSIONAL EXPERIENCE

Front-End Instructor	05/2025 – 02/2026 Freelance
- Delivered interactive web development training sessions to over 30 students, focusing on core frontend technologies. - Mentored students in HTML5, CSS3, JavaScript (ES6+), Bootstrap, and React.js fundamentals. - Designed and explained 10+ practical projects to reinforce modern web development principles and responsive layout techniques. - Provided code reviews and guidance on best practices for building scalable, cross-browser compatible user interfaces.	
Frontend Developer Intern	10/2025 – 11/2025 Cyparta (Giza, Egypt)
- Developed modular and responsive frontend interfaces using React.js and Tailwind CSS. - Collaborated with cross-functional team members to implement reusable UI components and integrate dynamic data workflows. - Enhanced overall user experience across diverse screen sizes and device viewports.	
Technical Support Specialist	06/2025 – 07/2025 City Systems (Giza, Egypt)
- Troubleshooted and resolved software-related technical issues for 100+ active clients, ensuring optimal system performance. - Conducted product demonstrations and onboarding sessions to guide users through key software features and workflows.	

KEY PROJECTS

E-Commerce Web Application	React.js, Tailwind CSS, Vite, REST API
- Built a fully responsive e-commerce web platform featuring dynamic product catalog displays, real-time search, and interactive cart functionality. - Implemented clean state management and reusable component architecture for optimal performance. - Deployed on Vercel with version control managed via Git and GitHub.	
Task Management Application (To-Do List)	React.js, Tailwind CSS, Vite
- Developed an interactive task management application supporting full CRUD operations, task filtering, and completion tracking. - Utilized React Hooks (<code>useState</code>, <code>useEffect</code>, <code>useRef</code>) for efficient state management and DOM interactions. - Integrated persistent Dark Mode theme toggle using browser <code>localStorage</code> for customized UX.	

Restaurant Management System

React.js, Bootstrap 5, PHP, MySQL

- Created a full-featured web application with modern UI layouts for interactive menu browsing and online table reservations.
- Focused on seamless UI/UX design, mobile responsiveness, and clean component architecture.
